

Dear Intact Insurance Policyholder;

Welcome to Intact Insurance. As a Policyholder with Intact, we are pleased to provide you with automatic enrollment into our California Medical Provider Network (MPN). The **Genex MPN #2500** is a group of healthcare providers that have been approved by the California DWC's administrative director to treat workers injured on the job. The **Genex MPN #2500**, includes doctors specializing in the treatment of work related injuries, as well as other doctors with expertise in general areas of medicine. When an employer participates in an MPN, all injured employees' medical needs will be taken care of by providers within the network, unless the employee predesignated a personal doctor prior to the injury occurring. The **Genex MPN #2500** has been built to provide you and your employees with health care providers specializing in occupational medicine and workers' compensation services and providing timely and quality medical care. The **Genex MPN #2500** is easy to access and is here to assist your injured employees back to health, work and a productive life.

Benefits of participating in the Genex MPN #2500:

The MPN is an effective tool for medical cost containment within your overall California Workers' Compensation program.

- **Life of Claim Medical Control:** Using MPNs for treating occupational injuries and illnesses gives employers greater medical control for the life of the claim. There are exceptions such as when the employee predesignates his or her treating physician prior to a work-related injury. If the employer does not participate in an MPN, then the employer only has control of the medical care for 30 days, at which time the employee can treat with a provider of his/her choice.
- **Medical Cost Savings:** Contracted pricing for providers participating in the MPN.
- **Quality medical providers:** Diverse network of qualified physicians, specialists, and providers that specialize in the treatment of occupational injuries.

Genex Provider Pathways may be used to access the Genex MPN #2500. Or you may request a regional list of all MPN providers in your area by calling the MPN Contact noted below.

For New Hires:

- Provide the **Time of Hire Pamphlet** - The Time of Hire Pamphlet, or a similar one that has been approved by the Administrative Director, must be given to all newly hired employees in the State of California. Employers and claims administrators may use the content of this document and put their logos and additional information on it. The content of this pamphlet applies to all industrial injuries that occur on or after January 1, 2013. An employer must advise employees and new hires of their right to pre-designate their own medical doctor on pre-injury basis rather than use the MPN in the event of a work-related injury or illness. If the employee desires to pre-designate his/her own personal physician, the Time of Hire Pamphlet includes this form.
- Provide the **Employee Acknowledgement of Receipt of Workers Compensation Program Material.** Retain the signed form in the employee’s personnel file.

An employee may predesignate his or her primary care physician prior to having a work-related injury or illness. The primary care physician must have previously treated the employee and must agree to be predesignated.

An employer must advise employees and new hires of their right to pre-designate their own medical doctor on pre-injury basis rather than use the MPN in the event of a work-related injury or illness. If the employee desires to pre-designate his/her own personal physician, the Time of Hire Pamphlet includes this form. Or the DWC Form 9783 Predesignation of Personal Physician or DWC Form 9783.1 Notice of Personal Chiropractor or Personal Acupuncturist may be found on the OneBeacon WC website at: <https://workerscomp.intactspecialty.com/WorkersComp/pages/state/stateresources.page>

Notice: These notices may be delivered to your employees electronically.
